Accessibility Statement for Electromaker

This is an accessibility statement from Electromaker.

Conformance status
The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Electromaker is partially conformant with WCAG 2.2 level AA. Partially conformant means that some parts of the content do not fully conform to the accessibility standard.

Feedback
We welcome your feedback on the accessibility of Electromaker. Please let us know if you encounter accessibility barriers on Electromaker:

E-mail: hello@electromaker.io

We try to respond to feedback within 5 Business Days.

Technical specifications
Accessibility of Electromaker relies on the following technologies to work with the particular combination of web browser and any assistive technologies or plugins installed on your computer:

- HTML
- CSS
- JavaScript

These technologies are relied upon for conformance with the accessibility standards used.

Limitations and alternatives
Despite our best efforts to ensure accessibility of Electromaker, there may be some limitations. Below is a description of known limitations, and potential solutions. Please contact us if you observe an issue not listed below.

Known limitations for Electromaker:

Colour and Contrast:
Some text and interface elements do not meet minimum contrast requirements, which may affect readability. We plan to rectify this by June 2026.

Image descriptions:
Uploaded images may not have text alternative, which may affect screen reader users. We plan to rectify this by June 2026.

Form Fields:

Forms fields may not have an accessible name, which may affect screen reader users. We plan to rectify this by June 2026.

Links:

- Links may not have discernible text, which may affect screen reader and keyboard users. We plan to rectify this by June 2026.
- Links may not be distinguishable without colour, which may affect screen reader and keyboard users. We plan to rectify this by June 2026.

Forms:

Form elements may not have a label, which may affect screen reader users. We plan to rectify this by June 2026.

Meta Data

Pages may not have meta data, which may affect screen reader users. We plan to rectify this by June 2026.

Frames

iFrames may not have an accessible name, which may affect screen reader users. We plan to rectify this by June 2026.

Electromaker assessed the accessibility of Electromaker by the following approaches:

Self-evaluation
